FOUR-LEGGED FRIENDS *Welcome Here!*

We love dogs all year round in Southwest Michigan. Our laid-back vibe welcomes your dog to splash in the waves on our pristine, Lake Michigan coast. Hike miles of trails that follow picturesque rivers and cut through quiet woods. Wander into quaint shops or frolic at festivals in our lake resort towns. Let your furry best friend tag along as you sample handcrafted wines, beers, ciders and spirits on the Southwest Michigan Makers Trail. Together, you will make memories to last a lifetime.

6 TIPS FOR A STAY

Here are a few ways to make your visit safer, healthier and more enjoyable for your animal and other visitors.

1. Make sure your dog is up-to-date on vaccinations. With so many places to visit, your dog will likely encounter other people and their animals. We want all of our four-legged friends to stay healthy.
2. Keep your dog close with a six-foot or shorter leash. The one exception is our designated leash-free dog parks. There, you are expected to be in control of your dog at all times.
3. NEVER leave your dog in a vehicle during warm temperatures.
4. Clean up after your dog. You will find free dog waste bags in marked dispensers throughout downtown St. Joseph, Lake Bluff Park, the John and Dede Howard Family Recreational Trail and in other communities.
5. There are doggy drinking fountains located in our parks and beaches. On hot days especially, carry water and a bowl to keep your dog hydrated.
6. Heed all posted warnings and flags along the shorelines and beaches — high waves, rip currents and undertows are unsafe for dogs and their people.

We'd love to see your dog exploring Southwest Michigan. Share your photos with us using
